Larson Trauma Blocks, consist of 4x4's, cut into 24 inch lengths with notches at the ends to ease lifting (consider a plastic form for infection control).	Ask your maintenance department				These allow for the placement of x-ray cassettes under patients on back boards without lifting. The x-rays are improved because there is minimal magnification.

### Minnesota Only

Listed above are many of the items you will see during the class. You will find that some of the items have to be purchased in larger quantities than you need. If this is a problem, you can contact Paula Chambers RN, at Trauma Services, Hennepin County Medical Center, for help. When the item is in use at HCMC she can send you small quantities at the HCMC rate. Her number is 612-873-8712, FAX 612-904-4245, E-mail [Paula.Chambers@hcmcd.org](mailto:Paula.Chambers@hcmcd.org). Please check with your hospital's buyer as they may be able to purchase these items through their vendors.

\* *CALS does not endorse any one supplier.*

\*\* *Prices will fluctuate and are not guaranteed.*

\*\*\* *In September of 2008 Boundtree and Tri-anim will become one company but they will keep their separate names. Boundtree will focus on EMS supplies and Tri-anim on medical specialty supplies in hospitals.*
